

THERMO GRIP™

From the makers of the Coffee Clutch® comes a new paperboard sleeve design. This Sleeve is made from recycled material and is embossed with a unique design to allow the air flow to escape between the sleeve and the paper cup surface keeping your hand cool. This sleeve is also made with our patented heat activated adhesive that allows the sleeve to stick to the cup ensuring your sleeve stays in place.

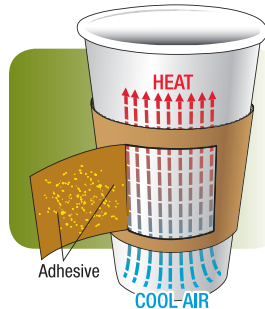

White Custom Print

Stock Item #10000

Features

-  Made from recycled material and contains post consumer fiber
-  Custom printable with soy based inks available on kraft or white top
