

- Insulated
- Sturdy
- * Preferred

With double - wall air insulating technology, it's a sturdy cup that gives your customers confidence pouring their own coffee, carrying it on the go, or placing it in car cup holders.

* Consumers prefer over other cup types for quality and performance.

Features

Made with 25% recycled material

- Patented design creates a 360° air chamber. This keeps the outside comfortable to hold
- Eliminates need for double-cupping or protective sleeves
- Build your brand with superior custom printing

Sip - Thru – raised lid leaves room for whipped topping.

Flat - Tear Back – locks securely in place.

Pull - N - Sip – locks into place while leaving room for drink toppings.

THERMO GRIP® Cup Innovation

Patented design creates a 360° air chamber: this keeps the outside comfortable cool for grip. Eliminates need for double-cupping or protective sleeves.
